

COVID-19 Vaccination

Riverside Area Update & Location Information

To help end this pandemic, all are encouraged to get vaccinated when they meet the criteria to receive the COVID-19 vaccine, and supplies are available. More than 1,700 physicians, nurses and staff have been vaccinated from our area.

Walk-ins

We expect to receive enough vaccine to expand our walk-in guidelines to include all KP healthcare workers (physicians & employees) that physically come into their work locations and are not part of the temporary remote work (TRW) program.

Appointments are no longer needed for the first dose. In order to manage the lines at all locations, we're asking that departments send no more than 3-4 people per hour. If walking-in, please be patient if there is a delay.

Links to Resources & Materials:

- Please read the EUA before going to your appointment. Read the [Pfizer EUA](#) or the [Moderna EUA](#).
- Learn more about [what to expect when you get your COVID-19 Vaccine](#)
